Description

Exclusive dimple pattern speeds wicking of liquid throughout mat for faster, easier cleanup

Highly absorbent, fine-fibre construction won't leave liquids or fibre residue behind

Flame-resistant material won't burn immediately like untreated cellulose mats; melts when exposed to high heat whilst on the job

Can be wrung out and incinerated after use to reduce waste or for fuels blending

Dispenser box makes it easy to take, carry and store your mat whilst protecting it from dirt and moisture
